**Saturday, November 22 at 7pm
St. Leon Armenian Church
Abajian Hall**

Photographs from children at the FAR Children's Center in Yerevan will be on display. These photos are the results of an art therapy project in which the children were given classes in landscape photography and given the opportunity to create their own photos as a vehicle for healing and creative self expression.

All proceeds from the auction will directly benefit the FAR Children's Center.

FAR provides short-term emergency relief and implements long-term programs for the economic growth and social development of Armenia. It helps the most vulnerable segments of the population - the children and the elderly - and prepares professionals to lead their newly independent country.
